

Berkshire RFU Annual General Meeting 2025

RFU Representatives Report

Following the AGM, the Governance review proposals were rejected. It has been agreed that option 2 can be used as a basis for creating a structure that works and keeps strong comms with community CBs, clubs and members.

To achieve this, additional council members will be appointed to the Gov Review committee to develop a workable structure ensuring comms to the wider game are improved.

I have applied to be on this new committee. Decisions on final committee structure will be made in September
